

The Nightfall Collection

Total and Partial Blockouts

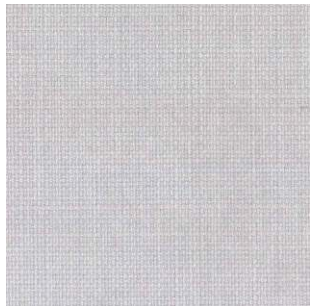

If you want to sneak in an afternoon nap or enjoy a daytime movie marathon then you might want to consider updating your curtains to one of these simple but effective blackout solutions. This compilation includes total and partial blackout options in a variety of shades and textures. For added convenience all designs are self-lined and wide width allowing for quick, simple and cost effective curtaining.

Hand/Machine wash
Or Dry Clean with Perchlorethylene
Do not bleach
Do not tumble dry
Cool iron

Additional info:

All items in the Nightfall sample swatch are rolled full width to avoid possible damage to the coating or weave. Folding for long periods of time during transportation, make-up and installation should be kept to a minimum. Due to the nature of the Solarline coating stitch holes during sewing are unavoidable. A minimum order quantity of 10mt per order is required for cut length orders as the fabric will be sent out to you on rigid cores.
