

BOSS & WICKER ~ beautifully crafted chenilles

Boss & Wicker are the perfect combination this winter. Two beautifully crafted chenille multi-purpose designs brimming with character and texture. Boss is the lighter option with a generous but gentle texture, whereas Wicker is that fabulously chunky texture that is best described as extra. Wicker also comes with an interesting sheen that adds a different character to this beautiful textile. Both are a welcome addition to our ever-growing FibreGuard brand and will add a much desired textural boost.
