

MAJESTIC & FABULOSA ~ sophisticated curtaining jacquards

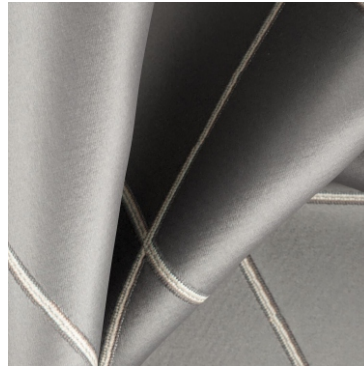

Having very successfully introduced you to the Instinct collection a few years back the combined selection of Majestic & Fabulosa will become a welcome extension to this genre. Available in 14 design options over 50 colourways the overall look and feel is a riot of textures and fascinating finishes, from smooth to rough, bold to gentle. This chic & sophisticated collection offers so much variety by combining diamond geometrics, lattice work, geological graphics and a fabulous 3D effect on a beautiful, rich satin background.
