

The Panache Collection
Upholstery Velvet, Multipurpose Chenille

Panache is all about subtlety and nuance. At first glance this is a simple and conventional duo, however delve a little deeper and you will find there is more on offer than expected. Adore is the magician of the pair, as it captures the light and changes colour and texture with movement. Obsession is understated and quiet but plush to the touch and brimming with texture giving this design great depth and sophistication.
